

# Video Lending Library

The Nationwide Agribusiness Loss Control Department provides a free-loan videotape library for our customers. Videos may be ordered and/or reserved up to four (4) weeks in advance of the planned viewing date, and may be kept for five (5) days after receipt.

Over 300 videos are available, with additional titles added as needed. A catalog listing the available videos with a description, running times, and the year produced is available from your Loss Control Consultant or your sales representative. The catalog also lists additional resources for your safety needs.

The catalog lists videos by category and includes the following subjects:

- |                                   |   |                                      |
|-----------------------------------|---|--------------------------------------|
| <b>Anhydrous Ammonia</b>          | <b>Fall Prevention</b>                  | <b>Lockout/Tagout</b>                |
| <b>Bloodborne Pathogens</b>       | <b>Farm Safety</b>                      | <b>Media Relations</b>               |
| <b>Chemical Dependency</b>        | <b>Feedlot Safety</b>                   | <b>Nursery/Greenhouse</b>            |
| <b>Chemical Safety/Fertilizer</b> | <b>Fire Safety</b>                      | <b>OSHA Inspections</b>              |
